House Appropriations Request FY 2011

Project Name: Town of Cary Swift Creek Stream Bank Restoration
Recipient: Town of Cary
Recipient Address: 316 North Academy Street, P.O. Box 8005

Recipient City: Cary
Recipient State: North Carolina
Recipient Zip: 27512

Amount of Request: \$300,000

Explanation of the request (must include purpose and why it is a valuable use of taxpayer funds):

Explosive growth in the area in and around the Town of Cary is threatening to impair the water quality. The Town of Cary has taken a number of steps to preserve open space, mitigate the effects of agriculture runoff, and improve water quality. The Town initiated the Watershed Protection and Stream Restoration Project to meet these goals. Funding will be used to design and locate additional stormwater retention devices along 3,000 linear feet within the Swift Creek Watershed. This project will help protect the water quality from becoming impaired.

In order to offer more opportunity for public scrutiny, I have posted information on each project request submitted to the Appropriations Committee at the time the request was made.
